

CITY OF MELBOURNE DAILY POPULATION ESTIMATES 2019

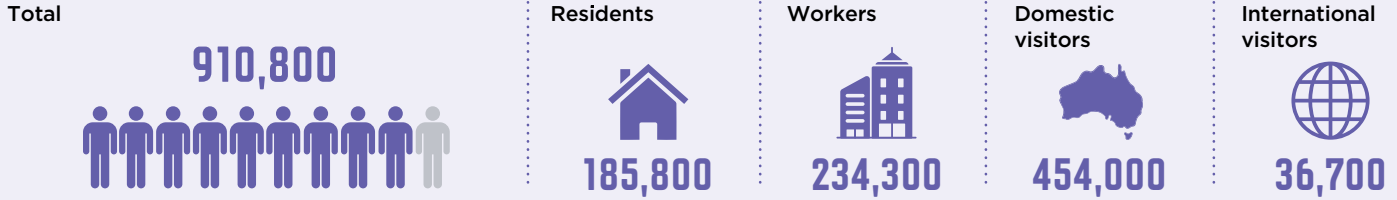

Everyday, thousands of people visit Melbourne. Understanding how many people live, work, study, play and socialise in our city helps us better plan for future growth.

WHAT IS THE DAILY POPULATION?

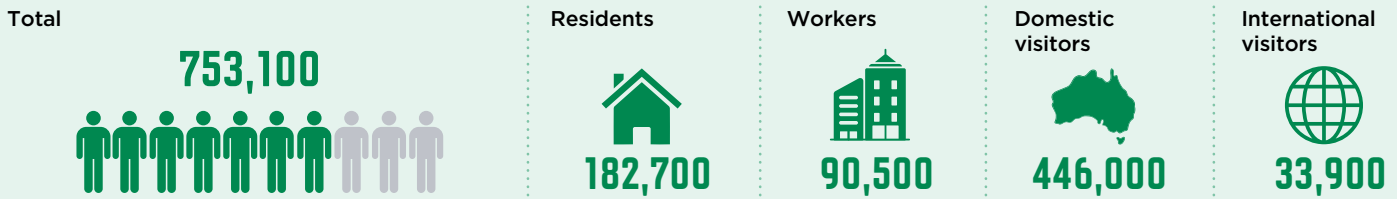

The daily population is an indicator of the number of people visiting or present in our city on an average weekday and on an average weekend day. It is also an indicator of activity and growth.

For more information and other reports visit melbourne.vic.gov.au/dailypopulation
